

On Saturday Oct. 29th Premier FSC had its Fall Family Fun Night at Vala's Pumpkin Patch. We all got together starting about 5 PM.

Everyone participated in the potluck so we had PLENTY of food and good conversation around our bonfire camp site.

Early in the evening we had a Fortune Teller set up her table under the tree near us and offer to tell our fortunes and futures.

She also did face painting for any who wanted it. Everyone seemed to really enjoy her, even people just walking by.

There is so much to do at Vala's that the kids were never bored and sitting around. They came and went every 15 or 20 minutes picking up and dropping off kids to regroup and wander to another fun spot in the pumpkin patch. There were lots of good tales about haunted houses and pedal car races, kettle corn and hotdogs cooked over the fire.

Then, there were those S'mores, a new food idea for some and the reason that others just may've come at all.

Late in the evening a storyteller came by our campsite and told us a story. Adults and kids alike sat enchanted for a few brief moments while he spun his tale before moving on to mesmerize others with his talents.

We hope that next year you will join us for our Fall Fun Night and make some great memories of your own.
