

Younkers' Community Days

Do you have all your Christmas shopping done? Younker's offers the local non-profit organizations a unique opportunity.

When: Saturday, November 11, 2006 or the week preceeding

Where: Any local area Younker's store

How it works!

This is very simple! Younkers has put together a wonderful coupon book this year for all the local area non-profits. You purchase as many coupon books as you would like. You can give them out to family and friends or keep them for yourself. In each book there are coupons for percentage discounts as well as a \$10 off coupon. The book costs \$5 so you've already made your money back and more. There is no limit to the number of books that you can purchase.

Then, on November 11th or during the week preceeding it you can go Christmas shopping at any local area Younkers store and shop 'til you drop! Most of the store is on sale and so you can find great bargains because you get your discount on top of the sale prices! If you run out of coupon books you can go to any customer service counter and purchase more just tell them it's for Premier FSC.

How does this benefit my club?

Premier is a non-profit organization and so every coupon book that you purchase for \$5 from Fara Stanley helps our club. We keep the initial \$5 and then we get an additional percentage when you shop at the store.

This is a great way for you to get some terrific bargains, do your Christmas shopping, or pick up some necessities for the kids. You help your club while you are doing your normal shopping.

Who do I contact?

Please contact Fara Stanley right away for your coupons and more information about this great money saving opportunity!
